

2019 PORTFOLIO OF PROJECTS

INTRODUCTION

ITF Enhancing Human Security's Portfolio of Projects for 2019 is a strategic collection of projects in 28 countries/territories and the regions of Europe, Africa, Middle East, Central Asia, and Latin America. ITF has developed it with its field partners and/or respective national or regional authorities. The Portfolio includes projects with already confirmed full funding, projects that require partial funding and projects that are not yet funded.¹

The purpose of the Portfolio is to provide an overview of ITF's varied capacities and capabilities, as well as the needs of beneficiary countries/territories it has recognized and seeks to address. With partial or full implementation of the Portfolio, ITF will promote enhanced human security in post-conflict and developing countries/territories affected by landmines/explosive remnants of war or other impacts from conflict. Thereby, ITF will address a number of salient issues faced by affected societies, and advance its [Strategy](#) by following its established guiding principles.

ITF Portfolio of Projects 2019 includes 84 projects in the total amount of more than 94 million USD. As a dynamic and ever-changing compilation the Portfolio can serve as a cornerstone for the development of new project ideas by interested parties. ITF therefore encourages partners, donors, affected countries, (potential) beneficiaries and other interested parties to use the Portfolio as a resource for reasonable use of available resources or funding opportunities.

Upon request ITF will gladly make available more details on each of the envisaged projects, including the background information on the targeted countries/territories and project rationale.

¹ Information on funding availability is provided for each project under the column Project Cost in USD (total) & Funding Availability, and is marked as one of the following three categories: FULLY FUNDED, PARTIALLY FUNDED, NOT FUNDED.

PROJECTS PLANNED FOR 2019 BY REGIONS/COUNTRIES

Serial no.	Country	Project Description/Title	Overall Project Dates	Project Cost in USD (total) & Funding Availability	Project Summary/Objective
SOUTH EAST EUROPE					\$29,151,575
1	ALBANIA	Hotspots Clearance in Albania – Towards Completion by Norwegian People’s Aid (NPA)	1 March 2017– 31 December 2019	\$3,278,686 US (\$827,878.80 US in 2019) [FULLY FUNDED]	The objective of the project is to reduce the threat to the population from unexploded ordnance and improve security and safety, through clearance of hotspots in Albania and as far as possible complete clearance of the remaining hotspots. The project objective in 2019 is to clear hotspots as tasked by the AMMCO. NPA and AAF teams will clear complete clearance in Jube Sukth and Sinanaj and completing clearance of both tasks.
2		Capacity Support to Albania Mine & Munitions Coordination Office (AMMCO)	01 January 2018– 31 December 2020	\$ 170,109 (\$ 95,000 in 2019) [FULLY FUNDED]	The project intends to support the activities of UXO hotspots clearance in the country’s territory and ammunition disposal, through provision of coordination, monitoring and quality management of clearance activities conducted by the EOD Albanian Armed Forces and NPA clearance operator. AMMCO team provide functions of coordination, monitoring, quality management and certification of clearance operations in the country. The main goal of the project is “to contribute to making Albania safe from UXO/ERW and to the fulfillment of the Albanian Government commitment to eliminate the ammunition risk by 2020”.

3	ALBANIA	Procurement of raw materials and components for the Prosthetic Workshop of Kukes Regional Hospital	2019	\$ 60,000 [NOT FUNDED]	<p>The project objective is to improve the healthcare and social conditions and services for mine/UXO survivors and other disabled and amputees through provision of supplies to Kukes Hospital for Prosthetic workshop and to assist in the physical rehabilitation of mine/UXO and other amputees in need.</p> <p>The project foresees the supply with raw materials, components and some equipment the Prosthetic Workshop at Kukës Regional Hospital.</p>
4	BOSNIA AND HERZEGOVINA	Sarajevo Open 2019 Sitting Volleyball Tournament	2019	\$25,000 [NOT FUNDED]	<p>Popularization of sport in general and popularisation of sitting volleyball for disabled persons in B&H as the best way to rehabilitate and re-socialize disabled persons for their better involvement in society is the objective of the tournament.</p> <p>The special aspect of Sarajevo Open tournament is to educate and increase awareness of the danger of mines and unexploded ordnance.</p>
5		Rehabilitation of mine and UXO victims from Bosnia and Herzegovina	2019	\$200,000 [NOT FUNDED]	<p>The project goal is to make and fit limbs for as many landmine victims and disabled citizens (citizens harmed by the war or as a direct result) as sustainable irrespective of their location, gender, religious beliefs or social economic profile and provide psychosocial help to mine/UXO victims, provide them the necessary professional support and assistance in order to reintegrate into society.</p>

6	BOSNIA AND HERZEGOVINA	School and Peer Mediation in Bosnia and Herzegovina	June 2018– December 2020	\$147,300 [PARTIALLY FUNDED]	The overall objective of the project is to build mediating capacities of school employees and pupils, so that schools become promoters of reconciliation, tolerance, human rights and peaceful resolution of conflicts, which would enable a path towards lasting peace through education. The project targets educational institutions on the level of Republika Srpska, Federation BiH, and Brčko District.
7		Mine Clearance Programme in Bosnia and Herzegovina	2019–2020	\$5,000,000 [PARTIALLY FUNDED]	Through this programme safe environment for the population of Bosnia and Herzegovina will be achieved in line with the national mine action plan of Bosnia and Herzegovina (in coordination with Bosnia and Herzegovina Mine Action Centre, ITF and donors). Mine Clearance operations on approximately 200 locations throughout BIH will be carried out, following the tendering procedure (approximately 2,000,000 square meters).
8		Technical Survey Programme in Bosnia and Herzegovina	2019–2020	\$6,000,000 [PARTIALLY FUNDED]	Through this programme safe environment for the population of Bosnia and Herzegovina in terms of accessibility, use of land, safe movement will be achieved in line with the national mine action plan of Bosnia and Herzegovina (in coordination with Bosnia and Herzegovina Mine Action Centre, ITF and donors). Technical survey operations on approximately 100 technical survey locations throughout BIH will be carried out, following the tendering procedure (approximately 4,000,000 square meters).

9	BOSNIA AND HERZEGOVINA	Mine Risk Education in Bosnia and Herzegovina	2019	\$100,000 [NOT FUNDED]	The purpose of the project is to contribute to the creation of a society without mine impact. The project will support to the development of rural mine infested communities in Bosnia and Herzegovina and mitigate the influence of landmines and develop participatory mechanism, built on the existing legal framework, with particular attention paid to continuation of demining process as pre-condition to the rural development.
10		Conventional Weapons Destruction Program in Bosnia and Herzegovina	2019	\$850,000 [NOT FUNDED]	The project is anticipated to contribute to safer environment for the people of Bosnia and Herzegovina. Threats to human security will be reduced through the enhancement of industrial demilitarization, of outdated, unserviceable and hazardous different types of conventional ammunitions and solid rocket propellants.
11		Providing legal assistance to vulnerable individuals in Bosnia and Herzegovina	2019	\$36,000 (31,000 €) ² [NOT FUNDED]	The overall objective of this project is to help vulnerable individuals in BIH by informing them about their rights and legal options, ensuring equal representation before the courts and institutions of Bosnia and Herzegovina.

² Adjusted to exchange rate on 15 October 2018

12	BOSNIA AND HERZEGOVINA	Demine App	2019	\$300,930 [NOT FUNDED]	Demine App – a life saving smart phone application will be produced using precise GPS mapping of mine-contaminated areas in Bosnia and Herzegovina.
13		Assessment of BH Accredited Demining Companies and Organizations – QSI Ltd.	2019	\$100,000 [NOT FUNDED]	The goal of this project is ensuring that demining organizations and companies, which apply to ITF tenders maintain high and satisfactory standard of organization, equipment and quality of field work.
14		Support to MDDC Land Release Projects in Bosnia and Herzegovina	2019–2020	\$1,900,000 [NOT FUNDED]	The aim of this project is to support the Mine Detection Dog Center BIH in Land Release operations required for continuation mine suspected areas land release in BIH – multiple projects - up to 10,000,000 square meters (including “Sarajevo Free of Mines” initiative).
15		Support to Civil Protections with Required Technical Equipment – Federation of BIH and Republika Srpska.	2019	\$200,000 [NOT FUNDED]	Within this project the Civil Protection demining units of each entity (Federation of BIH and Republika Srpska) will be supported with upgraded technical capacities required for maintaining good standard of operations.

16	BOSNIA AND HERZEGOVINA	Support to Bosnia and Herzegovina Mine Action Centre (BHMIC) with Required Technical Equipment.	2019	\$200,000 [NOT FUNDED]	Within this project the Bosnia and Herzegovina Mine Action Centre (BHMIC) will be supported with upgraded technical capacities required for maintaining good standard of operations.
17		Paralympic Athletes Support	2019–2020	\$544,250 [NOT FUNDED]	The project objective is to prepare the BH Sitting Volleyball team, Swimming team, Table Tennis team, Athletic team and Shooting team, to qualify and participate in the Paralympic games, which will be held in July/August 2020 in Tokyo, Japan.
18	CROATIA	Physical Security and Stockpile Management (PSSM)	2018–2019	\$620,000 [FULLY FUNDED]	Upgrade of the conditions, security and management of weapons/ammunition warehouses operated by the Ministry of Defence of the Republic of Croatia (MORH) in accordance with national plans through renovation of weapons / ammunition warehouses, CCTV systems and improvement of outer security perimeter.
19		Conventional Weapons Destruction	2019	\$1,000,000 [NOT FUNDED]	Through this project threats to human security will be reduced through the disposal of 2,900 metric tons of outdated, unserviceable and hazardous for storage ammunition in Croatia.

20	NORTH MACEDONIA	Land release locations on Thessaloniki line affected by ERW	2019–2020	\$320,000 [NOT FUNDED]	The goal of the project is to release land affected by ERW in the area of former Thessaloniki line in Republic of North Macedonia. This project will improve human security and thus decrease direct threat to the people, property and the environment of North Macedonia citizens.
21		Improve conventional weapons and munitions, stockpile security and management	2019–2020	\$764,200 [NOT FUNDED]	The goal of the project is to increase human security and thus decrease direct threat to the people, property and the environment by assisting the Government of North Macedonia in facilitating various CWD and PSSM activities.
22		Technical and expert trainings – capacity building	2019–2021	\$280,000 [NOT FUNDED]	The goal of program is to train and equip minimum 15 personnel of North Macedonia EOD team.
23	MONTENEGRO	Conventional Weapons Destruction and Physical Security and Stockpile Management	2018–2019	\$1,750,000 [FULLY FUNDED]	The goal of the project is to increase human security and thus decrease direct threat to people, property and the environment by assisting the Government of Montenegro in facilitating various conventional weapons destruction (CWD) activities, including stockpile reduction and stockpile security and stockpile management (PSSM).

24	MONTENEGRO	Disposal of aircraft engines with ionizing radiation	2019–2020	\$888,100 (PARTIALLY FUNDED)	<p>As results of air raids in 1999 on Yugoslavia, military airport “Golobovci” near Podgorica have been hit numerous time with airdrop weapons. Planes with Rolls – Royce engines (Thorium element) were hit and burned inside underground facility “Šipčanik“. Radioactive element Thorium after exposure to the fire transmits radioactivity into surrounding area. At this moment temporary storages are settled near regional road, in vicinity of settlements and in the integral part of vineyard Plantaze AD. Montenegro government expressed interest to partial fund this task and to support it within country’s capacities.</p>
25		Underwater UXO release – Zeta river	2019	\$341,000 [NOT FUNDED]	<p>The consequences of the WWII left large quantities of ammunition in the Zeta river. After the war, the local population collected UXO and dumped it in Zeta river as well. This area was urgently cleaned by the Montenegro government couple of years ago, where they disposed more than 400 UXO pieces. Currently this is still a direct threat to the local population, kids on nearby beach, fisherman and tourists. As Zeta river is on the outskirts of capital of Montenegro, Podgorica, there is an existing possibility that with time UXO might migrate to the city center.</p>

26	SERBIA	Clearance Operations in Serbia	2019	\$2,000,000 [PARTIALLY FUNDED]	The project envisages clearance of mines / cluster bomb suspected areas, through which app. 1,500,000 square meters of land will be returned to local population. Operations will be conducted on locations identified by Serbian Mine Action Centre and confirmed by donors.
27		Support to Mine Action Centre of Serbia (MACS) with Required Technical Equipment	2019	\$200,000 [NOT FUNDED]	Within this project the Mine Action Centre of Serbia (MACS) will be supported with upgraded technical capacities required for maintaining good standard of operations.
28	KOSOVO* <small>*This designation is without prejudice to positions on status, and is in line with UNSCR 1244 and the ICJ opinion on the Kosovo declaration of independence</small>	Socio-Economic Rehabilitation and reintegration of mine/UXO survivors	2019	\$ 24,000 [NOT FUNDED]	The project goal is to improve the psychosocial, social, health and mental health situation of Mine/UXO survivors in Kosovo*. The proposed program is conceived as a holistic approach including information – support - awareness rising – empowerment - activation of resources in the immediate environment of survivors and at state level. The project will be community based, realized in close cooperation between Institute for promotion of education (IPEDU) and relevant governmental institutions and services.
29	REGIONAL ACTIVITIES	Reintegration of victims of armed conflict into societies through education	2019–2022	\$1,500,000 [NOT FUNDED]	The purpose of the project is to create a unified database of victims of armed conflict in South Eastern Europe, and enabling victims to be reintegrated into their societies with vocational training, or other forms of education.

30	REGIONAL ACTIVITIES	Regional Physical Security and Stockpile Management (PSSM) Training	2019	\$89,000 [NOT FUNDED]	The goal of the project is to train minimum 15 ammunitions technical officers according IATG standards.
31		Regional Chemical/Biological Radiation training	2019	\$240,000 [NOT FUNDED]	Identification of radiological/biological agents and toxic chemicals is essential in conflict and post-conflict areas. First responders and humanitarian workers at this moment do not have the basic knowledge. The goal of project is to train 10-15 personnel on regional base.
32		Regional Expert Training through Webinars	2019	\$23,000 [NOT FUNDED]	Promoting exchange of experience, expertise and knowledge in the field of mine action, PSSM and CWD between mine action community. Minimum of 11 webinars with expert topics.

EASTERN EUROPE					\$3,422,000
33	BELARUS	Medical Rehabilitation of Children from Belarus	March 2019– August 2020	\$51,000 [NOT FUNDED]	The primary purpose of the project is to enable rehabilitation and thus improve the health of Belarusian children who are suffering medical diseases due to the Chernobyl disaster of 1986. Large amounts of radioactive materials were released during an explosion in Chernobyl nuclear power plant, threatening Ukraine, Belarus and Russia. As a consequence, many children face illnesses of the respiratory, musculoskeletal, and cutaneous systems.
34	UKRAINE	Equip and train program for national mine/ERW clearance teams	2019	\$1,350,000 [NOT FUNDED]	Six mine/ERW clearance teams are fully equipped (incl. demining machines) and trained in line with IMAS standards in order to be able to safely and effectively execute clearance works in Donbass Through enhanced national clearance capacities, the threats to human security posed by legacy of armed conflict will be reduced.
35		Training of trainers for national “Mine Risk Education” capacities	2019	\$60,000 [NOT FUNDED]	Six comprehensive trainings for actors performing Mine Risk Education in Ukraine is conducted, with advanced knowledge, standards and best practices transferred onto the Ukrainian staff.

36	UKRAINE	Establishment of mine detection dog program in Ukraine	2019	\$550,000 [NOT FUNDED]	With up to six mine detection dog teams deployed, the national clearance capacities are enhanced and the threats to human security posed by legacy of armed conflict indirectly reduced. Project includes establishment of mine detection dog teams and initial field supervision conducted by foreign experts when the teams will be deployed on tasks.
37		Clearance of landmines, cluster munition and other explosive remnants of war in Donbass	2019	\$500,000 [NOT FUNDED]	Once the preconditions are meet (stable security situation and existing national mine action authority), areas that are to be cleared will be prioritized, and initial survey/clearance activities implemented to ensure safe environment for the population in terms of accessibility, use of land and movement.
38		Capacity Building of Ukrainian National Mine Action Centre	2019	\$250,000 [NOT FUNDED]	Once the Ukrainian National Mine Action Center as the body responsible for the management and coordination of mine action activities in Ukraine is established, the threats to human security posed by the legacy of armed conflict will be reduced.
39		Physical rehabilitation of children – victims of armed conflict in Ukraine	2019–2020	\$300,000 [NOT FUNDED]	At least 12-15 children that were injured during the conflict are physically rehabilitated what will make a significant difference in their lives and contribute to their reintegration into the community. Additionally, one rehabilitation team is trained to enhance local rehabilitation capacities.

40	UKRAINE	Enhancing psychosocial wellbeing of children – victims of armed conflict in Ukraine	2019–2020	\$161,000 [NOT FUNDED]	A psychosocial wellbeing of at least 160 children that were severely traumatized during the war atrocities (loss of close relative, home, belongings) is enhanced through participation on specialized rehabilitation camps.
41		Capacity building of the Ukrainian Research Institute for Prosthetics and Rehabilitation	2019	\$200,000 [NOT FUNDED]	Provided equipment and training to the staff of the Ukrainian Research Institute for Prosthetics and Rehabilitation

SOUTH CAUCASUS					\$44,240
42	GEORGIA	Socio-Economic Reintegration Programme for Mine Victims in Georgia	2017–2019	\$44,240 (38,195.39 €) ³ [FULLY FUNDED]	<p>ITF supported a three year long project “Socio-Economic Reintegration Program for Mine Victims in Georgia” from November 2012 to 31 October 2015. The program purpose was to contribute to socio-economic integration and empowerment of people with disabilities (PWDs), specifically mine victims and their families.</p> <p>On 20 January 2017, ITF signed an agreement on the Handover of the Revolving fund and continuation of three years micro-credit program in the frame of the project “Programme for Mine Victims in Georgia” with Joint Stock Company Microfinance Organization “FinAgro”. Donor for the project is Austrian Development Agency (ADA) and Republic of Korea.</p>

³ Adjusted to the exchange rate on 15 October 2018

CENTRAL ASIA					\$4,648,000
43	AFGHANISTAN	Capacity Support to Mine Action Coordination	November 2018–October 2019	\$1,500,000 [PLEDGED]	The objective of this project is to develop sustainable, indigenous capabilities, and promote economic stability and regional security through the support of Afghanistan National Disaster Management Authority – Directorate for Mine Action Coordination (ANDMA-DMAC).
44		Humanitarian Support in the Field of Rehabilitation – MDC Polyclinic in Kabul	2019–2020	\$200,000 [NOT FUNDED]	Local communities shall be assisted in free access to basic health services and being able to provide medical services to marginalized social groups (women, children and war victims). Thereby, the needs in accessing quality rehabilitation services for victims in Afghanistan will be met.

45	AFGHANISTAN	Humanitarian Support in the Field of Rehabilitation – Mobile Clinics	2019	\$200,000 [NOT FUNDED]	<p>Providing an integrated service to support Persons with special need (PwSN) and Persons with Disabilities (PsD), the most isolated and vulnerable people, including women and girls. The outreach physical rehabilitation services, coupled with Psycho-social services (PSS) and MRE, will contribute to improve functional capacities, implement life-saving activities and social participation and to foster economic wellbeing of conflict-affected people in these underserved areas.</p>
46		Paralympic Athletes Support	2019-2020	\$338,000 [NOT FUNDED]	<p>The project objective is to prepare the Afghanistan Swimming team, Athletic team, Weight lifting team and Taekwondo team, to qualify and participate in the Paralympic games, which will be held in July August 2020 in Tokyo, Japan.</p>

47	KAZAKHSTAN	Enhancing Industrial Demilitarization and Ammunition Surveillance Capacities	2019	\$80,000 [NOT FUNDED]	Threats to human security are reduced through enhanced industrial demilitarization and ammunition surveillance capacities in Kazakhstan by applying new technologies for certain ammunition types.
48	KYRGYZ REPUBLIC	Destruction of Weapons and Ammunition – Phase 4	2019	\$690,000 [PARTIALLY FUNDED]	Threats to human security are reduced through further disposal of outdated and hazardous for storage artillery ammunition, MANPADs and ATGMs in Kyrgyz Republic, using industrial demilitarization method.
49		Physical Security and Stockpile Management	2019	\$350,000 [NOT FUNDED]	Through project the conditions, security and management of weapons/ammunition warehouses in Kyrgyz Republic will be improved in accordance with national plans and priorities and thus the direct threat to human security decreased.
50		Disposal of stockpiled landmines	2019	\$50,000 [NOT FUNDED]	A total sum of around 2.400 landmines are inventoried and destroyed. This brings Kyrgyz Republic closer to achieving the free of landmines status.

51	MONGOLIA	Assessment and Optimization of CWD and PSSM activities	2019	\$140,000 [NOT FUNDED]	Threats to human security are reduced through the analysis of procedures and recommendations based on which procedures are revamped and optimised, and the most pressing issues are addressed.
52		Destruction of Surplus Weapons and Ammunition	2019–2020	\$250,000 [NOT FUNDED]	Threats to human security are reduced through disposal of outdated, unserviceable and hazardous for storage ammunition in Mongolia (using industrial demilitarization), including capacity building.
53		Physical Security and Stockpile Management	2019–2020	\$400,000 [NOT FUNDED]	Through project the conditions, security and management of weapons/ammunition warehouses in Mongolia will be improved in accordance with national plans and priorities and thus the direct threat to human security decreased.
54	UZBEKISTAN	Assessment and Optimization of CWD and PSSM activities	2019	\$120,000 [NOT FUNDED]	Threats to human security are reduced through the analysis of procedures and recommendations based on which procedures are revamped and optimised, and the most pressing issues are addressed.

55	TURKMENISTAN	Assessment and Optimization of CWD and PSSM activities	2019	\$120,000 [NOT FUNDED]	Threats to human security are reduced through the analysis of procedures and recommendations based on which procedures are revamped and optimized, and the most pressing issues are addressed.
56	TAJIKISTAN	Assessment and Optimization of CWD and PSSM activities	2019	\$120,000 [NOT FUNDED]	Threats to human security are reduced through the analysis of procedures and recommendations based on which procedures are revamped and optimized, and the most pressing issues are addressed.
57	REGIONAL ACTIVITIES IN CENTRAL ASIA	Technical Cooperation on Enhancing Physical Security, Stockpile Management and Demilitarization Capacities in Central Asia	2019	\$90,000 [NOT FUNDED]	A safer environment for the population of Central Asia will be ensured through the exchange of experience/best practices and consequently enhanced national capacities of Central Asia states related to physical security of ammunition warehouses, stockpile management and demilitarization (focus on industrial method).

MIDDLE EAST					\$42,579,704
58	GAZA STRIP	Psychosocial Aid for Victims of Conflict, Training for Rehabilitation Specialists and Capacity Building	2019–2020	\$260,000 [PARTIALLY FUNDED]	ITF has developed this project proposal to respond to the needs in provision of a quality rehabilitation services for victims of conflict as well as the needs for technical assistance and specialization trainings for rehabilitation professionals from Gaza Strip. The project goal is also providing psychosocial aid for the victims of recent conflicts and to provide effective rehabilitation treatment of victims of conflicts as well as other disabled people in Gaza Strip and delivery of Prosthetic and Orthotic components to selected rehabilitation institutions in Gaza Strip.
59		Paralympic Athletes Support	2019–2020	\$90,000 [NOT FUNDED]	The project objective is to prepare the Swimming team, to qualify and participate in the Paralympic games, which will be held in July/August 2020 in Tokyo, Japan.
60	IRAQ	Clearance of Explosive Hazards in ISIS Liberated Areas in Anbar Province, Iraq	2019	\$5,153,325 [NOT FUNDED]	The objective of the project is to assess and eliminate the threats posed by landmines and ERW, including IEDs, in areas defined by the Iraqi Directorate for Mine Action as high-priority for the local population and of interest to the donor. Thereby the project will contribute to the return of infrastructure to productive use by local communities, especially returnees.

61	IRAQ	Comprehensive Victim Assistance Capacity Building Program in Missan Province, Iraq	2019	\$953,000 [NOT FUNDED]	The main goal of the project is to ensure that Iraq has a comprehensive victims' assistance program that effectively addresses the most pressing needs of ERW/mine victims in Missan province in the south of Iraq, improves their quality of life and helps them realize their full potential.
62		Clearance of Explosive Hazards in ISIS Liberated Areas & Enabling Agriculture in Nineveh Province, Iraq	2019	\$9,980,472 [NOT FUNDED]	The primary objective is to assess and eliminate the threats posed by landmines and ERW, including IEDs, in areas defined by DMA as high-priority and of interest to the donor. The accompanying objective is to enhance Food Security by search & clear/release fields to enable wheat and barley production by local communities, especially returnees.
63		Clearance of Explosive Hazards in ISIS Liberated Areas & Enabling Agriculture Economic Recovery in Salah ad-Din Province, Iraq	2019	\$9,980,407 [NOT FUNDED]	The primary objective is to assess and eliminate the threats posed by landmines and ERW, including IEDs, in areas defined by DMA as high-priority and of interest to the donor. The accompanying objective is to enhance Food Security by search & clear/release fields to enable wheat and barley production by local communities, especially returnees.

64	JORDAN	Risk Education for Syrian Refugees	January 2019– December 2020	\$287,300 [NOT FUNDED]	The objective is to reduce risks of accidents resulting in death and injury from ERW among the Syrian refugee population through providing adequate knowledge of the dangers and threats posed by ERW and safe behavior upon ERW encounter. This will be achieved through risk education and raising awareness on the contaminated environment the refugees will face upon their return to homeland. Target population is approx. 30,000 Syrian refugee children and adults living in Irbid and Zarqa Governorates.
65	LEBANON	Clearance of Landmines, Cluster Bombs and other ERW in Lebanon	2019	\$1,000,000 [NOT FUNDED]	The aim of this project is to ensure that cluster munitions, landmines and other ERW no longer expose civilians to unacceptable risk or prevent economic, social and political development in Lebanon.
66		Assistance to Victims of Landmines, Cluster Munitions and other Explosive Remnants of war (ERW)	2019	\$380,000 [NOT FUNDED]	Altogether approximately 50 victims of landmines, cluster munitions and other ERW will be rehabilitated (10), will receive income generating support (20) and will benefit from psychosocial assistance (20) which will make a significant difference in their lives and entire family as well as contribute to their reintegration into the community.

67	SYRIA	Explosive Hazards Clearance and Mine Risk Education in Northern Syria	2019	\$6,617,000 [NOT FUNDED]	The project aims to increase civilian population's security by protecting lives and civilian infrastructure inside Syria, especially in the Northeast. The primary objective is to assess and eliminate the threats posed by landmines and ERW, including IEDs, in the most affected areas in the Northeast of Syria. The secondary objective is to educate the public, particularly IDPs and host communities about the risks posed by mines and other ERW, including IEDs, and promote their safe behaviour.
68		Explosive Hazards Clearance and in Southwest Syria	2019	\$2,655,000 [NOT FUNDED]	The overall goal of the project is to increase civilian population's security by protecting lives and civilian infrastructure in accessible areas in the South of Syria. The primary objective is to assess and eliminate the threats posed by landmines and ERW, including IEDs, in the most affected, but accessible areas in the South Syria. The secondary objective is to educate the public, particularly IDPs and host communities about the risks posed by mines and other ERW, including IEDs, and promote their safe behaviour.

69	WEST BANK	Special Rehabilitation Centre Facilities in Bethlehem	September 2017– October 2019	\$ 500,000 [FULLY FUNDED]	ITF has developed this project proposal to respond to the needs in provision of a quality rehabilitation services for victims of conflict as well as the needs for technical assistance and specialization trainings for rehabilitation professionals. The project goal is equipping of orthopaedic workshop (equipment's, tools..) in Bethlehem to establish a special centre for rehabilitation and manufacturing orthotics and artificial limbs and medical devices help.
70		Training for rehabilitation specialists from West Bank at University Rehabilitation Institute Republic of Slovenia (URI – Soča)	2019	\$23,200 (20,000 EUR) ⁴ [FULLY FUNDED]	The project goal is providing training for rehabilitation specialist from West Bank at URI – Soča.
71		Quality Assurance and Quality Control of West Bank Demining Program	October 2018– April 2019	\$300,000 [FULLY FUNDED]	The overall goal of the project is to provide Quality Assurance and Quality Control (QA/QC) of the demining works in the West Bank in order to certify their accordance with IMAS, national mine action standards and SOPs, and thus confirm that the formerly mined land no longer threatens the lives of local population.

⁴ Adjusted to the exchange rate on 15 October 2018

72	YEMEN	Mine Action and Explosive Remnants of War Needs in Yemen	2019	\$600,000 [NOT FUNDED]	The primary objective is to assess the extent of the threats posed by landmines and ERW, including IEDs, and to identify mine victims assistance needs. Based on the results of the assessment ITF will develop and present to the donor a comprehensive plan/proposal on actions required for mitigation and elimination of the above stated threats and delivery of assistance to the most vulnerable groups of Yemeni society with emphasis on mine/UXO/IED survivors.
73	MIDDLE EAST REGIONAL (IRAQ/SYRIA)	Program “100+100”	2019–2021	\$3,800,000 [NOT FUNDED]	The program objective is to train 100+100 women from ex-ISIS strongholds (Syria and Iraq). Focus will be on abused women, widows and single mothers. All training will be in line with IMAS standards and level L1 and L2. The best 20 participants from L1 and L2 will attend Team leader course.

AFRICA					\$14,010,741
74	LIBYA	Capacity Support of Libyan Mine Action Center and Remnants of War in Securing and Eliminating Conventional Weapons	2019	\$800,000 [FULLY FUNDED]	The objective of this project is to strengthen national capacities that can address the challenges in the field of risk education and the challenges of mine/ERW clearance operations through the support of Libyan Mine Action Center.
75		Chemical Hazards Survey and Assessment in Libya	2019	\$585,000 [NOT FUNDED]	The objective of survey and assessment is to consolidate, verify, and augment available data about chemical vulnerabilities in areas of recent fighting, determine baseline risk, and set the conditions for future regional strategic programming. In order to determine potential chemical hazards and caches of substances that could be weaponized if not correctly contained, the aim of this project is to deploy survey, assessment, and advisory teams in Libya for seven-week periods.
