

2023
PORTFOLIO OF PROJECTS

INTRODUCTION

ITF Enhancing Human Security's Portfolio of Projects for 2023 is a strategic collection of projects in **33 countries/territories** and regions of Europe, South Caucasus, Africa, Middle East and Central Asia. ITF has developed it with its field partners and/or respective national or regional authorities. The Portfolio includes projects with already confirmed full funding, projects that require partial funding and projects that are not yet funded.¹

The purpose of the Portfolio is to provide an overview of ITF's varied capacities and capabilities, as well as the needs of beneficiary countries/territories it has recognized and seeks to address. With partial or full implementation of the Portfolio, ITF will promote enhanced human security in post-conflict and developing countries/territories affected by landmines/explosive remnants of war or other impacts from conflict. Thereby, ITF will address a number of salient issues faced by affected societies, and advance its Strategy by following its established guiding principles.

ITF Portfolio of Projects 2023 includes **95 projects** in the total amount of more than 143 million USD. As a dynamic and ever-changing compilation the Portfolio can serve as a cornerstone for the development of new project ideas by interested parties. ITF therefore encourages partners, donors, affected countries, (potential) beneficiaries and other interested parties to use the Portfolio as a resource for reasonable use of available resources or funding opportunities.

Upon request ITF will gladly make available more details on each of the envisaged projects, including the background information on the targeted countries/territories and project rationale.

¹ Information on funding availability is provided for each project under the column Project Cost in USD (total) & Funding Availability, and is marked as one of the following three categories: FULLY FUNDED [●●●], PARTIALLY FUNDED [●●○], NOT FUNDED [○○○]. Project costs marked with TBD (to be determined) will be defined upon implementation of assessment or upon expression of donor interest.

No.	Project Title	Project Period	Total Project Cost & Funding Availability	Project Summary
-----	---------------	----------------	---	-----------------

SOUTH EAST EUROPE

\$ 27,322,000

ALBANIA

1	Procurement of raw materials and components for the Prosthetic Workshop of Kukës Regional Hospital	2023	\$ 60,000 [NOT FUNDED] ○○○	<p>The project objective is to improve the healthcare and social conditions and services for mine/UXO survivors and other disabled and amputees through provision of supplies to Kukës Hospital for Prosthetic workshop and to assist in the physical rehabilitation of mine/UXO and other amputees in need.</p> <p>The project foresees the supply with raw materials, components and some equipment the Prosthetic Workshop at Kukës Regional Hospital.</p>
2	Physical Security and Stockpile Management (PSSM) Support in Albania	2021–2023	\$ 730,000,00 [FULLY FUNDED] ●●●	<p>The overall goal of the project is to reduce the threats to human safety through protecting the environment by finding sustainable solutions for disposal of waste generated by conventional weapons destruction in Albania and disposal of obsolete ammunition.</p> <p>The project aims to prioritize identifying appropriate solutions to minimize the impact on the environment and broader human safety and build sustainable capacity for Albania in order to be able to claim ownership of these issues in the future. The project also envisage cooperation in the field of capacity building with Ministry of Interior of Albania.</p>

BOSNIA AND HERZEGOVINA

3	Mine Clearance Programme in Bosnia and Herzegovina	2023–2024	\$ 2,000,000 [PARTIALLY FUNDED] ●○○	<p>Through this program safe environment for the population of Bosnia and Herzegovina will be achieved in line with the national mine action plan of Bosnia and Herzegovina (in coordination with Bosnia and Herzegovina Mine Action Centre, ITF and donors). Mine Clearance operations on approximately 100 locations throughout BIH will be carried out, based on submission of offers procedure (approximately 1,000,000 square meters).</p>
---	--	-----------	---	---

4	Technical Survey Programme in Bosnia and Herzegovina	2023–2024	\$ 3,000,000 [PARTIALLY FUNDED] 	Through this program safe environment for the population of Bosnia and Herzegovina in terms of accessibility, use of land, safe movement will be achieved in line with the national mine action plan of Bosnia and Herzegovina (in coordination with Bosnia and Herzegovina Mine Action Centre, ITF and donors). Technical survey operations on approximately 100 technical survey locations throughout BiH will be carried out, based on submission of offers procedure (approximately 3,000,000 square meters).
5	Land Release Projects in Various BiH Municipalities	2023–2024	\$ 3,000,000 [PARTIALLY FUNDED] 	The project goal is to render mine-safe municipalities through land release projects and methods. The LR projects will save and improve lives and support economic recovery of multiple various municipalities. It will also encourage interest in land release activities to declare all of Bosnia-Herzegovina mine-safe.
6	Support to Civil Protection with Required Technical Equipment – Federation of BiH and Republika Srpska	2023–2024	\$ 300,000 [PARTIALLY FUNDED] 	Within this project the Civil Protection demining units of each entity (Federation of BiH and Republika Srpska) will be supported with upgraded technical capacities required for maintaining good standard of operations.
7	Support to Bosnia and Herzegovina Mine Action Centre (BHMACE) with Required Technical Equipment.	2023–2024	\$ 300,000 [PARTIALLY FUNDED] 	Within this project the Bosnia and Herzegovina Mine Action Centre (BHMACE) will be supported with upgraded technical capacities required for maintaining good standard of operations.
8	Support to BiH Armed Forces Demining Battalion.	2023–2024	\$ 300,000 [PARTIALLY FUNDED] 	Within this project the BiH Armed Forces Demining Battalion will be supported with upgraded technical capacities required for maintaining good standard of operations.
9	Assessment of BH Accredited Demining Companies and Organizations – QSI Ltd.	2023–2024	\$ 200,000 [NOT FUNDED] 	The goal of this project is ensuring that demining organizations and companies, which apply to ITF tenders maintain high and satisfactory standard of organization, equipment and quality of field work.
10	Beekeeping as empowerment tool for people with disabilities from Bosnia and Herzegovina	2023	\$ 40,000 [NOT FUNDED] 	The project objective is to include mine and UXO Survivors in the process of producing bee products and Development of social skills (social activities among disabled beekeepers / mutual assistance and cooperation in beekeeping activities; workshops – beeswax-candle-making for women...).
11	Mitigation of Risk through Demarcation and Education Activities	2023	\$ 20,000 [NOT FUNDED] 	The objective of this project is to contribute to the safety of the population living in BiH and to raise awareness of the population about the residual mine risks with fear and insecurity through demarcation of all mine suspect areas and collecting information on number and locations of existing mine-killers-PROM mines. It is a humanitarian and urgent action aimed to prevent casualties by landmines.

12	Digitalization of Demined Land Management in Brčko District	2023	\$ 30,000 [NOT FUNDED] ○○○	The proposed project is part of the “Brčko without mines”. Large portions of the thirty-year long period not used soil will be released. So far there is no data about extent of public land being used, or public land being released from landmines. The objective of this project is to contribute to the better soil care and utilization in the area of the District through the digitalization of the mine cleared areas management.
13	Sarajevo Open 2023 International Tournament in Sitting Volleyball for Men	2023	\$ 40,000 [NOT FUNDED] ○○○	The project goal is to organize the Sitting Volleyball Tournament in Sarajevo, Bosnia and Herzegovina, organized by Sitting Volleyball Club Fantomi from Sarajevo (OKI Fantomi). The aim of the tournament is to raise the level of quality and popularization of sitting volleyball both in Bosnia and Herzegovina and abroad, and to raise awareness on the threats of mines and other explosive remnants of war and the importance of mine action projects. In addition, the tournament is a great opportunity to exchange knowledge and experience between the sitting volleyball teams across Europe and beyond.
14	Rehabilitation of mine and UXO victims from Bosnia and Herzegovina	2023	\$ 150,000 [NOT FUNDED] ○○○	Overall objective of the mine/UXO rehabilitation project is to improve quality of life and social status of mine victims and their family members in Bosnia and Herzegovina by delivering high quality and sophisticated prosthetic limbs, psychological and peer support to mine victims, and physical rehabilitation/devices.
15	Project 'Think Mines' by The Red Cross Society of Bosnia and Herzegovina	2023	\$ 10,000 [NOT FUNDED] ○○○	The main goal of “Think Mines” competition is the education of primary school children on how to protect themselves from mine risk. Through competitions at all levels, children acquire knowledge, exchange experiences and accept practices of safe behavior in mine polluted areas.

CROATIA

16	Conventional Weapons Destruction	2023–2024	\$ 1,200,000 [FULLY FUNDED] ●●●	Continuation of Conventional Weapons Destruction CWD program for Ministry of Defence of the Republic of Croatia (MORH) surplus weapons.
----	----------------------------------	-----------	---------------------------------------	---

MONTENEGRO

17	Conventional Weapons Destruction and Physical Security and Stockpile Management – Continuation	2023–2024	\$ 2,000,000 [PARTIALLY FUNDED] ●●○	The goal of the project is to increase human security and thus decrease direct threat to people, property and the environment by assisting the Government of Montenegro (MoD and MoI) in facilitating various conventional weapons destruction (CWD) activities, including stockpile reduction and stockpile security and stockpile management (PSSM).
----	--	-----------	---	--

18	Physical Security and Stockpile Management – Rogami storage/depo upgrade – Ministry of Interior	2023–2024	\$ 1,000,000 [PARTIALLY FUNDED] ●○○	The goal of the project is to increase human security and thus decrease direct threat to people, property and the environment by assisting the Government of Montenegro storage facility where MoI stores various dangerous and unstable or obsolete ammunitions, ERW and/or conventional weapons (CWD) - stockpile reduction and stockpile security and stockpile management (PSSM).
19	Physical Security and Stockpile Management – Ministry of Defence storage/depo upgrade	2023–2024	\$ 1,000,000 [NOT FUNDED] ○○○	The goal of the project is to increase human security and thus decrease direct threat to people, property and the environment by assisting the Government of Montenegro storage facility where MoD stores various dangerous and unstable or obsolete ammunitions, ERW and/or conventional weapons (CWD) - stockpile reduction and stockpile security and stockpile management (PSSM).
20	Support to Montenegro Ministry of Interior – Emergency Situation Directorate with Required Technical Equipment	2023–2024	\$ 300,000 [PARTIALLY FUNDED] ●○○	The goal of the project is to provide technical support to the Ministry of Interior – Department for UXO – by supplying technical equipment, personal protective equipment, EOD vehicles, etc., in order to enhance the safety and the quality of operations by MoI personnel dealing with ERW. Within this project Montenegro Ministry of Interior - Emergency Situation Directorate UXO section will be supported with upgraded technical capacities required for maintaining good standard of operations.
21	Support to Montenegro Ministry of Defence with Required Technical Equipment.	2023–2024	\$ 300,000 [NOT FUNDED] ○○○	Within this project Montenegro Ministry of Defence will be supported with upgraded technical capacities required for maintaining good standard of operations.

NORTH MACEDONIA

22	Improve Conventional Weapons and Munitions, Stockpile Security and Management	2023	\$ 1,500,000 [NOT FUNDED] ○○○	The goal of the project is to increase human security and thus decrease direct threat to the people, property and the environment by assisting the Government of North Macedonia in facilitating various CWD and PSSM activities.
23	Technical and Expert Trainings – Capacity Building	2023	\$ 300,000 [NOT FUNDED] ○○○	The goal of program is to train and equip minimum 15 personnel of North Macedonia EOD team.

SERBIA

24	Clearance Operations in Serbia	2023–2024	\$ 2,000,000 [PARTIALLY FUNDED] 	The project envisages clearance of mines / cluster bomb suspected areas, through which app. 2,000,000 square meters of land will be returned to local population. Operations will be conducted on locations identified by Mine Action Centre of Serbia and confirmed by donors.
25	Support to Mine Action Centre of Serbia (MACS) with Required Technical Equipment	2023–2024	\$ 200,000 [NOT FUNDED] 	Within this project the Mine Action Centre of Serbia (MACS) will be supported with upgraded technical capacities required for maintaining good standard of operations.
26	Assessment / Non-technical survey of Mine Suspected Areas in Serbia	2023–2024	\$ 200,000 [NOT FUNDED] 	The project envisages the Assessment / Non-technical survey of additional Mine Suspected Areas in Municipality of Bujanovac. The need for additional assessment is based on new evidence and information from the field and local communities, which should confirm and define the exact new mine suspected areas, which were previously not yet included in SMAC database.
27	Mine and Cluster Munitions Risk Education	2023–2024	\$ 100,000 [NOT FUNDED] 	The main goal of the project is the education of primary school children and population in risk areas in Serbia on how to recognize and protect themselves from mine risks. Through various field activities and school lectures, children and local residents would acquire knowledge, exchange experiences and accept practices of safe behaviour in mine and cluster munitions affected areas.
28	Rehabilitation of mines and cluster munitions victims from Serbia	2023–2024	\$ 200,000 [NOT FUNDED] 	Overall objective of the mines and cluster munitions rehabilitation project is to improve quality of life and social status of mines and cluster munitions victims (and indirectly also their family members) by delivering high quality and sophisticated prosthetic limbs, psychological support to mines and cluster munitions victims, as well as physical rehabilitation/devices.

KOSOVO*

**This designation is without prejudice to positions on status, and is in line with UNSCR 1244 and the ICJ opinion on the Kosovo declaration of independence*

29	Socio-Economic Rehabilitation and reintegration of mine/UXO survivors in Kosovo	2023	\$ 20,000 [NOT FUNDED] 	The project goal is to improve the psychosocial, social, health and mental health situation of Mine/UXO survivors in Kosovo. The proposed program is conceived as a holistic approach including information – support - awareness rising – empowerment - activation of resources in the immediate environment of survivors and at state level. The project will be community based, realized in close cooperation between local partner and relevant governmental institutions and services.
----	---	------	-------------------------------	--

REGIONAL ACTIVITIES

30	Regional Mine Action / ERW Expert Trainings in Mine Action Centre of Serbia Training Centre	2023–2024	\$ 100,000 [NOT FUNDED] ○○○	Promoting exchange of experience, expertise and knowledge in the field of Mine Action among Mine Action Centres' community in SEE. One or multiple trainings.
31	Regional EOD, PSSM, CWD Training in Mine Action Centre of Serbia Training Centre	2023–2024	\$ 100,000 [NOT FUNDED] ○○○	Promoting exchange of experience, expertise and knowledge in the field of EOD, PSSM and CWD among SEE regional stakeholders / experts and/or internationally. One or multiple trainings.
32	Regional Underwater EOD Training	2023–2024	\$ 100,000 [NOT FUNDED] ○○○	Promoting exchange of experience, expertise and knowledge in the field of underwater EOD among the SEE regional stakeholders / experts and/or internationally. One or multiple trainings.
33	Capacity Support of Regional Cooperation in Mine Action – SEEMACC	2019–2023	\$ 35,000 [FULLY FUNDED] ●●●	Development of criteria for training and implementation of mine action activities in the fields of humanitarian demining, mine victim assistance and mine risk education in countries in the area of South-Eastern Europe (North Macedonia, Montenegro, Serbia and Albania) through exchange of views, expertise and know-how in Mine Action. The activities will be provided through participation on workshops and seminars that will be organized in a different country by correlating national mine action authority and under the administration of SEEMACC (South East Europe Mine Action Coordination Council).
34	Strengthening the Capacities of the Balkan Medical Task Force (BMTF)	2023–2026	\$ 6,487,000 [FULLY FUNDED] ●●●	The objective of the EPF AM is to support capacity building of the BMTF by procuring the necessary equipment and material for the medical units of the Armed Forces of the participating countries, namely Albania, Bosnia and Herzegovina, Montenegro, North Macedonia, and Serbia, to strengthen the military medical capabilities of the region and ultimately civilian relief efforts.

EASTERN EUROPE
\$ 46,930,000

MOLDOVA

35	Victim assistance and promotion of mental health and well-being	2023	\$ 30,000 [NOT FUNDED] ○○○	The objective of the proposed activities is to offer medical assistance and provision of essential necessities / psychosocial help to Ukrainian children/refugees in Moldova.
----	---	------	----------------------------------	---

UKRAINE

36	Provision of Equipment and Essential Tools for State Emergency Service of Ukraine (SESU) Clearance Teams	2023–2024	EST. \$ 42,000,000 [NOT FUNDED] ○○○	With the expanding mine contamination and increasing number of mine victims, there is a huge need to provide adequate clearance equipment as soon as possible, in order that demining/UXO clearance teams can prevent the future loss of innocent lives. The goal of project is to provide SESU clearance teams with equipment and basic tools needed to conduct mine/ERW clearance activities in a safely and effective manner and to successfully cope with extent of the increasing mine/ERW contamination across whole Ukraine.
37	Medical Rehabilitation of Victims of Armed Conflict in Ukraine	2023–2024	\$ 1,350,000 [NOT FUNDED] ○○○	The objective is to provide medical treatment and rehabilitation for 40 victims of armed conflict in Ukraine. Victims, coming from the conflict affected areas in Ukraine, will receive adequate treatment that will improve the health and general wellbeing. They will be also equipped with all the necessary medical devices (prosthesis, orthosis, wheelchairs, crutches...). This will improve their level of physical health, decrease stress and trauma, which will enable them to participate in social and economic activities. Ultimately, this will reinstate them as equal and full members of their society.
38	Emergency Assistance for the Population Affected by the Armed Conflict in Ukraine	2023–2024	\$ 150,000 [NOT FUNDED] ○○○	Based on UN OCHA, at least 9.3 million Ukrainians are in need of food and livelihood assistance. The goal of the project is to provide food security and assistance for 1,400 Ukrainian families that are affected by the ongoing armed conflict in Ukraine, which will increase their short-time resilience and enable basic survival. The largest needs are in eastern Ukraine, Donetsk and Luhansk oblast, yet UNHCR is marking high needs also in other regions such: (the city of Kyiv, and Cherkasy, Chernihiv, Kharkiv, Kherson, Kyiv, Mykolaiv, Odesa, Sumy, Zaporizhzhia, Dnipropetrovsk, Poltava, Rivne, Vinnytsia and Zhytomyr regions).
39	Psychosocial Rehabilitation of Victims of Armed Conflict in Ukraine	2023–2024	\$ 200,000 [NOT FUNDED] ○○○	The goal of the project is to provide psychosocial rehabilitation to 160 victims of armed conflict in Ukraine (children and adults), with the purpose of enhancing their general wellbeing, as they are severely traumatized due to the ongoing armed conflict atrocities (loss of close relative, home, belongings). They health will be enhanced through participation on specialized rehabilitation camps.
40	Humanitarian Mine Action Program	2023	\$ 2,500,000 [NOT FUNDED] ○○○	The objective of the project is to assist the Ukrainian people, by identifying the location of ordnance, mark, and record this for future render safe and disposal or removal of ordnance. Affected Ukrainian population will receive also EORE, in order to prevent any additional mine, ERW or UXO victims.
41	Capacity Building of the Ukrainian Research Institute for Prosthetics and Rehabilitation	2023–2024	\$ 700,000 [PARTIALLY FUNDED] ●○○	Provision of medical and rehabilitation equipment and training to the staff of the Ukrainian Research Institute for Prosthetics and Rehabilitation. This may include reconstruction and renovation activities of the institute, due to the destabilizing consequences of the armed conflict in Ukraine.

SOUTH CAUCASUS

\$4,667,000

ARMENIA

42	Psychosocial Rehabilitation of Armenian Children, Victims of Armed Conflict	2023	\$ 35,000 [NOT FUNDED] ○○○	The goal of this project is Psychosocial Rehabilitation of Armenian Children, Victims of Armed Conflict between Armenia and Azerbaijan. Up to 12 children from Armenia that were affected by last conflict and 3 companions will participate at one-week Psychosocial Rehabilitation program in Slovenia which will contribute to their reintegration into the community.
----	---	------	----------------------------------	---

AZERBAIJAN

43	Assess the needs of cluster munition victims in Azerbaijan	2023	\$ 45,000 [NOT FUNDED] ○○○	The goal of the project is to create and develop a reliable and comprehensive database of cluster munitions survivors within Azerbaijan. Data collected on specific areas and regions affected by cluster munitions contamination will be passed on to Azerbaijan's demining agency and NGOs involved in mine clearance in order to facilitate the elimination of remaining unexploded ordinances.
44	Creating economic opportunities for landmine victims in Azerbaijan – Phase 2	2023	\$ 45,000 [NOT FUNDED] ○○○	The objective of this project is to provide the financial means for the economic integration of landmine victims, who live in the poor rural regions of Azerbaijan in order to support socio-economic development, entrepreneurship and self-sufficiency through untied aid given to landmine victims. Through financing small entrepreneurship activities that will be designed and implemented by landmine victims themselves, this project will not only enhance the economic and social life of these people and their families, but also will provide all necessary tools for their empowerment and becoming fully-functioning, self-sufficient members of the community.
45	Mine Detection Dog Training Program for ANAMA	2023	\$ 42,000 [NOT FUNDED] ○○○	The project goal is delivery of two fully trained mine detection dogs (Belgian shepherds) to Mine Action Agency of the Republic of Azerbaijan (ANAMA), ready to start bonding with local handlers over the period of one week, thus improving the mine detection dog capacity of ANAMA.

GEORGIA

46	Destruction of Outdated and Obsolete Weapons and Ammunition	2023–2024	\$ 4,500,000 [PARTIALLY FUNDED] 	Threats to human security are reduced through disposal of outdated and hazardous for storage artillery ammunition. Application of the industrial method enables provides low risks, recycling of materials and low impact on the environment. Furthermore, development of a sustainable solution for Georgia enables future national ownership and capacity to deal with the issue in the future.
----	---	-----------	--	---

CENTRAL ASIA

\$ 25,721,000

AFGHANISTAN

47	Victim Assistance - Provision of emergency mobile physical rehabilitation, psychosocial support and EORE sessions across Kabul, Kandahar and Nimroz Provinces	2022–2023	\$ 906,000 [FULLY FUNDED] 	The overall goal is to conduct emergency activities to support landmine survivors through physical rehabilitation, psychological support, and EORE sessions, with specific focus on survivors of explosive ordnance; and enhance quality and availability of prosthetics and orthotics service delivery to strengthen the resilience of underserved and hard-to-reach communities.
48	Humanitarian Support in the Field of Rehabilitation – MDC Polyclinic in Kabul	2023	\$ 250,000 [NOT FUNDED] 	Local communities shall be assisted in free access to basic health services and being able to provide medical services to marginalized social groups (women, children and war victims). Thereby, the needs in accessing quality rehabilitation services for victims in Afghanistan will be met.
49	Humanitarian Support in the support of “Prosthetics and Orthotics Workshop in Kunduz Regional Hospital”	2023	\$ 75,000 [NOT FUNDED] 	Providing an integrated service to support Persons with special need (PwSN) and Persons with Disabilities (PsD), the most isolated and vulnerable people, including women and girls. Through support of two P&O technicians, one support staff and one logistic coordinator, needs of most vulnerable Kunduz citizens with disabilities would be met. Establishment of P&O workshop in Kunduz hospital will improve their functional capacities and thus their independence.

KAZAKHSTAN

50	Enhancing Industrial Demilitarization and Ammunition Surveillance Capacities	2021–2023	\$ 500,000 [FULLY FUNDED] 	Guidance on proper storage and disposal procedures is given to the host nation CWD and PSSM programs, with experts present on site. This benefits the improvement of SOPs and reduces risks to disposal and storage of weapons and ammunition.
51	Destruction of Weapons and Ammunition	2021–2028	\$ 15,000,000 [PARTIALLY FUNDED] 	Outdated and dangerous for storage ammunition is destroyed using industrial demilitarization method, preserving the environment, recycling the materials, and reducing the risks of unplanned explosions.

KYRGYZ REPUBLIC

52	Destruction of Weapons and Ammunition – Phase 7	2021–2023	\$ 3,500,000 [PARTIALLY FUNDED] 	Outdated and dangerous for storage ammunition is destroyed using industrial demilitarization method, preserving the environment, recycling the materials, and reducing the risks of unplanned explosions.
53	Physical Security and Stockpile Management	2023	\$ 2,500,000 [PARTIALLY FUNDED] 	Security and safety of weapons and ammunition warehouses in Kyrgyz Republic is improved through renovation, construction, and implementation of new operating procedures.
54	Disposal of Small Arms and Light Weapons	2023	\$ 150,000 [NOT FUNDED] 	Small Arms and Light Weapons gathered during legal proceedings as illegal weapons, or are earmarked by institutions as obsolete are safely stored and disposed, with high accountability and no environmental impact.
55	Disposal of Stockpiled Landmines	2023	\$ 150,000 [NOT FUNDED] 	Capacity for disposal of small arms and light weapons is established with high accountability systems and no environmental impact.
56	Disposal of Engineering Explosives	2023	\$ 50,000 [NOT FUNDED] 	A total sum of around 2.400 landmines are inventoried and destroyed. This brings Kyrgyz Republic closer to achieving the free of landmines status.
57	Capacity Building for EOD Teams	2023	\$ 250,000 [NOT FUNDED] 	The engineering department of the Kyrgyz State Security Service is the first respondent in the case of perceived explosive treats and IEDs. They require basic protective equipment.
58	Cyber Security Center and Workshops	2023	\$ 170,000 [NOT FUNDED] 	Based on the success of the cybersecurity train the trainers programme, the goal is establishing a permanent centre for support on cybersecurity threats and workshops for the general population.

MONGOLIA

59	Destruction of Surplus Weapons and Ammunition	2023	\$ 700,000 [NOT FUNDED] ○○○	Threats to human security are reduced through disposal of outdated, unserviceable and hazardous for storage ammunition in Mongolia (using industrial demilitarization), including capacity building.
60	Physical Security and Stockpile Management	2023	\$ 400,000 [NOT FUNDED] ○○○	Through project the conditions, security and management of weapons / ammunition warehouses in Mongolia will be improved in accordance with national plans and priorities and thus the direct threat to human security decreased.

UZBEKISTAN

61	Assessment and Optimization of CWD and PSSM Activities in Uzbekistan	2023	\$ 90,000 [NOT FUNDED] ○○○	Threats to human security are reduced through the analysis of procedures and recommendations based on which procedures are revamped and optimized, and the most pressing issues are addressed.
----	--	------	----------------------------------	--

TURKMENISTAN

62	Assessment and Optimization of CWD and PSSM Activities in Turkmenistan	2023	\$ 90,000 [NOT FUNDED] ○○○	Threats to human security are reduced through the analysis of procedures and recommendations based on which procedures are revamped and optimized, and the most pressing issues are addressed.
----	--	------	----------------------------------	--

TAJIKISTAN

63	Assessment and Optimization of CWD and PSSM activities in Tajikistan	2023	\$ 90,000 [NOT FUNDED] ○○○	Threats to human security are reduced through the analysis of procedures and recommendations based on which procedures are revamped and optimized, and the most pressing issues are addressed.
----	--	------	----------------------------------	--

REGIONAL ACTIVITIES

64	Technical Cooperation on Enhancing Physical Security, Stockpile Management and Demilitarization Capacities in Central Asia	2023	\$ 100,000 [NOT FUNDED] ○○○	A safer environment for population of Central Asia is ensured through exchange of experience and best practices obtained through the successful project of conventional weapons destruction project in Kyrgyz Republic and obtained experience ranging of Soviet armaments. The best practices are showcased to other participating Central Asian delegations.
----	--	------	-----------------------------------	--

65	Remote psychological assistance for Afghan refugees	2023	\$ 500,000 [NOT FUNDED] ○○○	Provides displaced refugees psychological consultations from six trained psychologists in Pashtu and Farsi, through an online platform.
66	Cyber security train the trainers and public workshops	2023	\$ 250,000 [NOT FUNDED] ○○○	Train the trainers through a series of workshops on cyber security, cyber hygiene and writing of safe code.

MIDDLE EAST

\$ 14,987,070

GAZA STRIP

67	Treating children and adolescence victims of trauma	2023–2024	\$ 140,000 [NOT FUNDED] ○○○	This project aims at promoting children's resiliency and coping mechanisms in order to improve their wellbeing and enable them to cope and endure the hard conditions they are experiencing in the Gaza Strip. The project plans to achieve its objectives through provision of advanced mental health care for children with trauma, as well as psychosocial support for children affected by the conflict. The project's main target group will be children and adolescence victims of trauma, their families, and workers of NGO's.
68	Empowering medical workers in the field of rehabilitation	2023	\$ 70,000 [NOT FUNDED] ○○○	ITF has developed this project proposal to respond to the needs in provision of a quality rehabilitation services for victims of Israeli- Palestine conflict. The main objective of the training for rehabilitation specialists from Gaza Strip and West Bank is promoting Community-Based Rehabilitation among therapists. Trainers who will participate on a training, will help disabled Palestinian children at their home. These children do not have suitable health-care facilities in their place. Some patients will receive new rehabilitation devices.

IRAQ

69	Survey and Clearance of Minefields in Iraq	2023	\$ 1,500,000 [NOT FUNDED] ○○○	The goal of this project is to increase civilian population's security by protecting lives in areas of Iraq, impacted by mines and ERW. This shall be accomplished by implementing technical survey and clearance of mines and ERW. Precise locations are to be determined in coordination with Iraqi authorities.
----	--	------	-------------------------------------	--

70	Support for Demining Operations in Iraqi Kurdistan Region	2022–2023	\$ 800,000 [PARTIALLY FUNDED] ●●○	The goal of this project is to support the deployment of Iraqi Kurdistan Mine Action Agency's demining teams to clear minefields and remove the threat of mines and UXO in the Kurdistan Region of Iraq as determined in cooperation with the relevant authorities and in accordance with local prioritization principles. Through the project, local populations will benefit from the cleared land and be able to use the cleared area for various activities (pasture, grape growing, herbal gardening, tourism or infrastructure development).
71	Mine and ERW Victim Assistance Program in Iraq	2023	\$ 400,000 [NOT FUNDED] ○○○	This program aims to provide high-quality prosthetic limbs (above and below the knee), with accessories to female and male mine or ERW survivors in the Republic of Iraq.
72	Capacity Support to Iraqi Kurdistan Mine Action Agency	2023	\$ 500,000 [NOT FUNDED] ○○○	Iraqi Kurdistan Mine Action Agency's capacities have been underserved and need support in terms of equipment, supplies and staff training in order to increase the efficiency and quality of the mine action program in Iraqi Kurdistan.
73	Physical and Socio-Economic Rehabilitation and Reintegration of Mine/UXO victims and Other People with Disabilities in Iraqi Kurdistan Region	2023	\$ 350,000 [NOT FUNDED] ○○○	This set of activities aims to support mine and UXO victims and other PwDs by providing physical and socio-economic rehabilitation and reintegration activities in order to help them stand on their own feet and be productive individuals. Activities are to be implemented in cooperation with Diana Prosthetic Limbs Centre (DPLC), and also aim to strengthen their organizational capacity.

JORDAN

74	Mine and Explosive Remnants of War Risk Education for Syrian Refugees in Jordan	2023–2024	\$ 400,000 [NOT FUNDED] ○○○	The objective is to reduce risks of accidents resulting in death and injury from ERW among the Syrian refugee population through providing adequate knowledge of the dangers and threats posed by ERW and safe behavior upon ERW encounter. This will be achieved through risk education and raising awareness on the contaminated environment the refugees will face upon their return to homeland. In addition, health education (Covid-19) is added to the existing RE workshops. Target population is approx. 20,000 Syrian refugee children and adults living in Mafraq, Jordan.
75	Vocational Training for Syrian Refugees in Jordan	2023–2024	\$ 170,000 [NOT FUNDED] ○○○	The employment of Syrian refugees is the most salient issue for the Jordanian government, host communities and Syrians. Syrian livelihood is primarily maintained by work and cash assistance from UNHCR within the two refugee camps in Jordan. Syrians outside the camp are not subsidized by UNHCR, where around 78% of Syrian refugees outside camps live below the poverty line. The project will assist over 200 Syrian refugees in Irbid governorate, who are struggling to find jobs, by providing them vocational training to facilitate their access to the labor market. This will increase their capabilities and capabilities, giving path to their economic empowerment.

LEBANON

76	Addressing Mine Contamination and Victim Assistance Needs in Lebanon	2023	\$ 1,500,000 [NOT FUNDED] ○○○	The aim of this project is to ensure that landmines and other ERW no longer expose civilians to unacceptable risk or prevent economic, social and political development in Lebanon. In addition, 200 victims of conflict will receive rehabilitation services, income generating trainings or will benefit from psychosocial assistance, which will make a significant difference in their lives and entire family as well as contribute to their reintegration into the community.
77	Addressing the Needs of Vulnerable Groups in Lebanon	2023–2024	\$ 350,000 [NOT FUNDED] ○○○	The objective of this project is to improve the position and resilience of individuals from vulnerable groups (including but not limited to women, children, mine victims and conflict victims) living in Lebanon, thus enabling a lasting positive impact on the lives of individuals and society through urgent survival kits, medical support, physical rehabilitation, and psychosocial support. These urgent needs can be addressed as a whole or separately.
78	Addressing Medical and Income Generation Needs of Vulnerable Groups in Lebanon	2022–2023	\$ 60,000 [FULLY FUNDED] ●●●	The aim of this project is to ensure urgent needs in Lebanon, including access to medicine and hospitalization and income generation activities thus improving the wellbeing of the most vulnerable Lebanese, including mine victims.
79	Expanding Income Opportunities for Mine Victims in Lebanon	2023	\$ 100,000 [NOT FUNDED] ○○○	The project contributes to expanding income opportunities for mine victims or their family members living in Lebanon improving their ability to develop their business ideas or improving their access to the employment market.
80	Mine Victim Assistance to Farmers in Lebanon	2023	\$ 350,000 [NOT FUNDED] ○○○	The aim of the project is to support farmers, who are mine victims themselves (or their family members), or farmers who own previously contaminated land. This can include assistance in terms of training, equipment or other services, decided based on a needs assessment.
81	Capacity Support to LMAC	2022–2025	\$ 2,000,000 [FULLY FUNDED] ●●●	Due to a severe economic crisis in Lebanon, Lebanese Mine Action Center (LMAC) has been underserved and is in urgent need of capacity support in terms of equipment, supplies and staff training, in order to sustain the national mine action program.

SYRIA

82	Clear then Grow: Explosive Hazards Clearance and EORE with Agricultural Recovery in Northeast Syria – Phase III	2023–2024	\$ 2,500,000 [NOT FUNDED] ○○○	The project builds on the two phases of explosive hazards clearance and explosive ordnance risk education with agricultural recovery supported in Northeast Syria in 2020. It aims to increase civilian population's security by protecting lives and civilian infrastructure inside Northeast Syria. The primary objective is to implement a comprehensive agricultural and rural economy recovery program in recently cleared areas. The project envisions continued elimination of threats posed by ERW and UXO, including IEDs, on arable land enabling future agricultural revival. These efforts shall be complemented by an EORE program.
83	Protection of Children Impacted by Conflict in NE Syria	2021–2023	\$ 1,500,000 [FULLY FUNDED] ●●●	The objective of this project is to strengthen human rights and the rule of law for Syrians through capacity building of local authorities on the protection of children impacted by conflict. It entails efforts that restore dignity, including the provision of basic services as well as psychosocial support and education.
84	Community–Based Explosive Hazard Risk Reduction in Northeast Syria	2023–2024	\$ 800,000 [NOT FUNDED] ○○○	The project aims to build the technical and organizational capacities of a local Syrian explosive hazard survey, risk education and clearance organization through a focused training and mentorship program with the end-goal of the organization gradually operating independently in Northeast Syria.
85	General Non-Technical Survey in Northeast Syria	2022–2023	\$ 424,000 [FULLY FUNDED] ●●●	This consortium project aims to support the implementation of non-technical survey in all accessible areas of Northeast Syria with the goal of informing the future clearance prioritization processes.

WEST BANK

86	Quality Assurance and Quality Control of West Bank Demining Program	2021–2023	\$ 473,070 [PARTIALLY FUNDED] ●●○	The overall goal of the project is to provide Quality Assurance and Quality Control (QA/QC) of the demining works in the West Bank in order to certify their accordance with IMAS, national mine action standards and SOPs, and thus confirm that the formerly mined land no longer threatens the lives of local population.

REGIONAL ACTIVITIES IN EAST AFRICA, HORN OF AFRICA

90	Mine Action Multi-Partner Support to the Ethiopia Mine Action Sector (Phase I)	2023–2024	\$ 4,600,000 [NOT FUNDED] 	<p>The aim is to revitalize the mine action sector in Ethiopia, in a principled approach, prioritized by humanitarian needs, particularly in the light of recent conflict and achieved peace agreement. In Phase I, partner support to the mine action sector in Ethiopia will focus on priority setting, building the initial capacity, and creating the preconditions for the mine action activities to be implemented in a coordinated and principled approach.</p> <p>Outcome 1: The Government of Ethiopia coordinates a prioritized and principled mine action program.</p> <p>Outcome 2: Humanitarian partners safely deliver basic services in areas impacted by explosive ordnance in Tigray region.</p> <p>Outcome 3: Local communities have improved access to basic services and resources across Ethiopia.</p> <p>Outcome 4: People know how to mitigate the risk of explosive ordnance.</p> <p>Outcome 5: Survivors and victims of explosive ordnance incidents obtain assistance for recovery and reintegration.</p>
91	Reducing the Risk of Explosive Weapons in Somalia – Puntland State and Ethiopia: Improved Local/National Mine Action Capacities and Increased Resilience for At-risk Communities	2023–2024	\$ 2,843,020 [NOT FUNDED] 	<p>The main objective of the project is: Increased peace, security, and stability for at risk communities, in Somalia (Puntland State) and Ethiopia. Today, landmines/EO in Somalia and Ethiopia are in areas used for grazing, and EO poses a threat to urban and rural communities. Insecure ammunition storages can further lead to theft or accidental detonation. Both clearance efforts and improving physical storage of explosive weapons will reduce the risk faced by both military and civilians living nearby contaminated land or explosives / ammo stores. Continuing operations along the Puntland/Somaliland border is a high priority for Somali Explosive Management Authority (SEMA) after decades of heavy cross-border fighting in the area.</p>

WEST AFRICA

92	Capacity Building of Early Warning (Conflict Prevention) and Response Programming within African Union (AU), Economic Community of West African States (ECOWAS) and other Regional Economic Communities in Africa (Phase III)	2023–2025	\$ 9,300,000 [NOT FUNDED] ○○○	Third phase of the project aims to strengthen the work of AU Political Affairs, Peace and Security (PAPS) - Governance and Conflict Prevention Division and ECOWAS Early Warning Directorate (EWD) as well as setting up or strengthening Early Warning departments/units in the remaining African Regional Economic Communities. Furthermore, strengthen cooperation, exchange of best practices and implementation of Early Warning and Response System on national, regional and continental level by further developing capabilities and securing tools to be able to provide timely information on potential security threats for the prevention of future conflicts, threats and insecurities in Africa.
93	Early Warning and Response Mechanism for Macro Economic Imbalances	2023	\$ 672,800 [NOT FUNDED] ○○○	The aim of the project is to develop a Early Warning and Response Mechanism for Macroeconomic Area (EcoEWRMA) – a surveillance mechanism that aims to prevent and correct macroeconomic imbalances within Member States in the ECOWAS region. This would enable ECOWAS to cope with issues of human security, growth and development, fiscal sustainability, epidemics/pandemics (Covid-19) and macroeconomic uncertainties.
94	Fiscal Forecasting and Sustainability (FFS) Model – ECOWAS Commission and 15 Member States	2023–2024	\$ 2,500,000 [NOT FUNDED] ○○○	<p>The purpose of FFS model is to support forecasting of fiscal revenues and expenditures, and to ensure convergence to medium-term fiscal targets (fiscal balance and debt) with a purpose of achieving long-term sustainable fiscal position.</p> <p>It is a comprehensive tool for preparing and monitoring annual fiscal budget and to achieve sustainable fiscal position through:</p> <ul style="list-style-type: none"> - Medium-term revenue and expenditure forecasting. - Medium-term objective calculation. - Analysis of the impact of economic activity on fiscal position. - Analysis of the impact of implicit liabilities (e.g. demographic trends) on fiscal position. - Simulation of various consolidation scenarios with quantification of government measures. - Government debt forecasting. <p>The model is developed on CubeWeaver platform and is based on Process Oriented Modelling approach.</p>

LATIN AMERICA

\$ 80,000

PERU

95	Capacity support of Peruvian Mine Action Center – CONTRAMINAS	2023	\$ 80,000 [NOT FUNDED] ○○○	The objective of the proposed activities is to offer Peruvian Center for Action Against Antipersonnel Mines – CONTRAMINAS assistance in provision of equipment and gear (tents, demining, personal protective equipment-PPE).
